Introduction

Welcome to *The Knowledge Bus Global School*, the unique school designed to meet the challenges of today and tomorrow. We provide exemplary education to all our students who learn by actively discovering, integrating and applying knowledge in a dynamic and global community. Our holistic approach to learning promotes the development of mind, body and soul of every student in an academically simulating environment.

The Knowledge Bus Global School is affiliated to CBSE. The academic timetable and schedule of activities ensure that our students avail excellent learning, living, artistic and sporting facilities. Our staff promotes growth and achievement through friendly encouragement and example.

***The Knowledge Bus Global School* provides its students with:**

- Opportunities for **growth** so they have a positive outlook in life. We develop programmes which will challenge students to grow physically, emotionally and intellectually.
- Opportunities to acquire **knowledge** in a safe and supportive atmosphere. Knowledge and skills will be acquired in an exciting and innovative manner, seeking at all times to develop authentic learning programmes and experiences.
- Opportunities to develop **wisdom**. Purposeful living is promoted through appreciation of ethical behaviour and the delegation of responsibility.

Chairman's Message

The Knowledge Bus Global School is an institution for developing leaders who will excel in every sense in both national and international arenas. We groom our leaders of tomorrow to be skilled, innovative and dependable performers in any situation.

At *The Knowledge Bus Global School* we emphasise training and development. For us, training means:

Imparting Knowledge (What to do and why to do)

Sharpening Skills (how to do)

Possessing a Positive Mental Attitude (willingness to do)

On the development front, our priorities are:

- (a) an increase in Intelligence Quotient (acquiring wisdom to achieve success).
- (b) an increase in Physical Quotient (physical well-being through meditation and sports).
- (c) an increase in Emotional Quotient (through developing a proactive attitude towards team building, creative associations and networking with people), and,
- (d) an increase in Moral Quotient (by fostering the character ethics of honesty, integrity, trustworthiness and respecting principles and values of a good life).

An alumni of *The Knowledge Bus Global School* will personify the qualities of:

Concentration

Confidence

Courage

Capacity

Capability to Do Well

Communication Skills

Compassion

Coordination

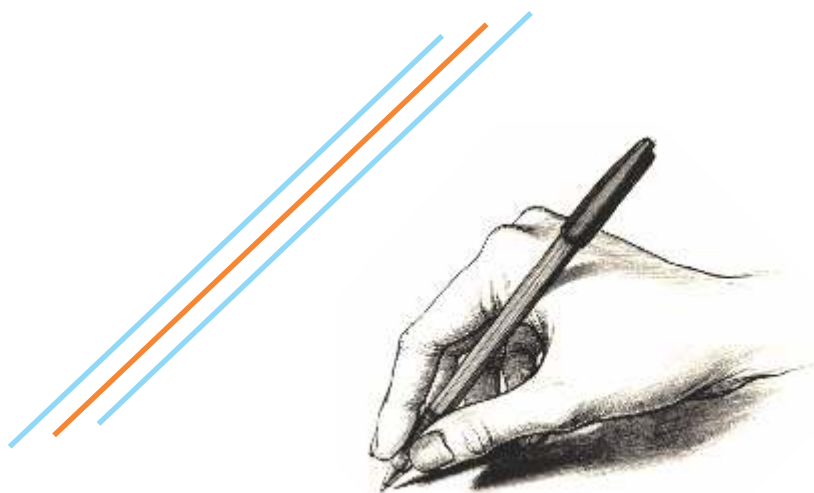

Culture

Credibility

Character

Correlation

Creativity

Our students will acquire skills that ensure that, in any situation in today's competitive world they will never be a part of the competition; ***they will always be ahead of the competition.***

From our Principal

It is a great honour to serve as Principal of The Knowledge Bus Global School and to welcome you to a school whose vision is based on 'putting children first' as we pursue academic excellence in a strong pastoral framework. The principle - centered educational experience, we endow our students with the skills and character to excel in the modern world, to be a credit to their families, our school and to the wider community, and to live happy and fulfilled lives.

Since education is a tripartite process, involving teacher, student and parent, we welcome visitors and extend a warm invitation to you to meet us and tour our school.

The Knowledge Bus Global School offers a high quality co-ed education that you and your children will value and enjoy.

"I hope to see children develop holistically to become good human beings to spread the message of humanity all around. The term humanity is not just a

Dr. Anisha Sahapathi

Principal

small word but the combination of kindness, truthfulness, service, responsibility, peace and happiness. As holistically developed human beings, children will be able to satisfy their basic economic, security, social and self esteem needs. And after satisfying the needs they should be able to achieve the ultimate goal of self realisation."

Our Vision

The Knowledge Bus

endeavors to create the leaders of excellence on a global education platform. To foster creativity, visualization, inherent intelligence and communicative skills by implementing expert learning practices for a child's bright future.

To offer an exceptional educational environment that develops compassionate, ethical and global citizens who are equipped to achieve their potential in education, work and life.

Our Mission

To prepare students for an ever changing and challenging world'.

Advocating “grasping from interactive experience”, The Knowledge Bus thrives to provide an extensive educational background for children to regulate their learning abilities. Our commitment in the requisite direction stands for

- 🖱 Enhancing Socialism
- 🖱 Refining communication
- 🖱 Boosting confidence
- 🖱 Channelizing visual outlook
- 🖱 Developing reciprocal skills
- 🖱 Continuous professional and infrastructural development
- 🖱 Parental partnership

To instill in them a passion for learning and a spirit of inquiry that integrates practical and intellectual perspectives.
To help students grow into responsive and responsible global citizens.
To foster in them respect and care towards others and the environment.
To provide the school community an environment which is a blend of universal values, pedagogy and innovation.

Our progressive learning environment

The Knowledge Bus Global School's holistic educational approach is a fine balance of all that is best in traditional and modern pedagogy. Our progressive learning environment incorporates cutting-edge teaching and learning strategies that focus on the overall development of the child's personality in stark contrast to older, subject-centered approaches to classroom education.

TRADITIONAL	NEW
Teacher-Centred Instruction	Student-Centered Learning
The Teacher as Controller & Taskmaster	The Teacher as Facilitator & Inspirer
Single-Sense Stimulation	Multisensory Stimulation
Low-Level Learning that Challenges Effort	High-Level Learning that Challenges Ability
Requires Student Conformity	Addresses Multiple Intelligences
Isolated/Tutor-Assisted Work	Independent Research for Collaborative Work
Information Delivery	Information Exchange
Passive Learning	Active Inquiry-based learning
Facts, figures & knowledge Recall	Critical Thinking & Informed Decision Making
Reactive Response	Proactive / Planned Action
Isolated, Artificial Context	Authentic, Real-World Context

The Knowledge Bus Global School strives to develop an endearing bond with children emphasizing on personal attention. The individual learning system will channelize the capabilities of children, enabling them to learn by exploring, observing and identifying things. Quality education sets the standards for a child's complete growth and stimulates early brain development. The curriculum at The Knowledge Bus Global School aims at holistic development of each and every child through age appropriate activities designed by our curriculum experts.

Mother Toddler (18 months - 2 years)

At this level, The Knowledge Bus Global School aims to develop sensory skills of the children & boosting self-confidence. Activities and games in the mother toddler program, create opportunities to grow mentally as well as physically.

Shakers/Playway (2 - 2.5 years)

At this level, the facilitators endeavour to focus on nurturing children in a disciplined environment through activities that help them in developing their cognitive skills. The Knowledge Bus Global School initiates to boost their communication skills and their verbal development.

Movers/Pre-Nursery (2.5 - 3.5 years)

At this level, we focus on the overall development and confidence of the children, their public speaking in coordination with the recognition and sequencing of alphabets and numbers. Rhymes, storytelling and pre-number concepts with pre-writing skills add to the learning dimension. We also make our children well aware about their environment with various activities and celebrations.

Runners/Nursery (3.5 - 4.5 years)

To meet the developmental needs of this age group, the nursery program curriculum at The Knowledge Bus Global School Mohali incorporates learning activities to develop logical and sequential thinking, communication skills, pre-number concepts with pre-writing skills, appreciation of creative arts and confidence building.

Climbers/Kindergarten (4.5 - 5.5 years)

The educators associated with The Knowledge Bus Global School will ascertain that in Kindergarten program children should learn advanced activities, word making, initial mathematics and environmental sciences. Along with identification of words, every child is taught to master early writing skills for their overall development.

Day Care (2 - 10 years)

The Knowledge Bus Global School offers an exceptional suite of facilities and services designed to make the experience of day care school program, convenient and hassle-free for working parents and appropriate learning for the children. A special feature of The Knowledge Bus Global School includes daily observation sheet about the child's activities in school during the day which includes meal timings, food eaten, nap timings, if any medication given and any special observation about the child's day.

Class I onwards

The Knowledge Bus Global School is affiliated to CBSE. Our Primary wing and Secondary wing are designed keeping in mind the main objectives of CBSE which is to define appropriate approaches of academic activities to provide stress free, child centered and holistic education to all children without compromising on quality. We innovate and adapt methods to achieve academic excellence in conformity with psychological, pedagogical and social principles.

Why

TKB Global School, Mohali

We believe in providing best child care environment to meet the needs of each child by creating one of the best schools in Tricity. We wish to create convenient, reliable, child friendly and nurturing environment, to provide a platform for life long learning experiences for our children.

A symbol of new generation schooling in Mohali, The Knowledge Bus Global School is not just about imparting knowledge but also about training young minds to process this knowledge for the betterment of their own self, their environment and the community they are a part of. Our belief is that a Global school is the one which gives the students multiple opportunities and a positive environment wherein the children are encouraged to achieve their maximum potential. We bring to you an amalgamation of traditional education and culture while giving children a winning edge that fires ambitions and abilities in a pluralistic world. We at The Knowledge Bus Global School instill strong human values. We further help children to become compassionate, sensitive and socially responsible beings.
